# **WEATHER KEY POINTS**

**02/11/20 - 02/17/20**

## **Tuesday**

- Gusty winds will linger today, particularly in portions of Southern Region.
  - The strongest winds will be in the mountains, canyons, and foothills of Southern Region, with local gusts of 60-70 mph possible.
  - These winds could potentially blow down trees and power lines, before generally decreasing through this afternoon.

## **Wednesday-Friday**

- A weak storm system will move across far northern CA bringing light rain and mountain snow late Thursday into Friday, with no significant impacts expected.
  - Otherwise, dry conditions are expected across the state.

## **Saturday-Monday**

- A stronger storm is expected to move across northern and central CA, especially late Saturday through Sunday, bringing valley rain and mountain snow.
  - Accumulating snow will likely impact travel heading into the Monday holiday.
